Radford City Victim Witness Program

As part of the Commonwealth's Attorney's office of Radford City, under the direction of CA Chris Rehak, we are committed to improving the quality of life for the citizens of Radford. We do this by ensuring public safety and providing justice through efficient, professional, effective, and compassionate prosecution of cases in a manner that advocates for the interests of all victims, respects the law enforcement agencies, responsibly stewards public resources, and holds perpetrators accountable while at the same time protecting the constitutional and legal rights of the accused.

The Radford City/Floyd County Victim Witness Program ensures that victims of and witnesses to crime: are informed of their rights; are treated with dignity, respect, and sensitivity; receive authorized services; have the opportunity to be heard at all critical stages of the criminal justice process; and can make the courts aware of the full impact of the crime.

As a VOCA grant recipient, the Victim Witness office provides services to crime victims. The office meets VA code obligations of victim rights:

- Right to Protection
- Right to Financial Assistance
- Right to Notification
- Right to Victim Input
